Breakfast - 8 | Lunch - 8 | Dinner - 8

*Lunch or dinner adjustments do not affect the total meals included.

E EEPICKS

Features highlighted attractions, activities, hotels, restaurants and more that are not only rated with excellence, but also highly recommended by our experienced tour planners.

ENG Tour conducted in English

ITINERARY

DAY 1

Kuala Lumpur ✈ Kilimanjaro - Arusha

53KM

Lunch

Dinner

Arrive in **Arusha**, Tanzania's safari gateway, set against the backdrop of Mount Meru.

Arusha Coffee Estate Farm Tour (Entrance Included) - Stroll through the grounds of one of Tanzania's largest coffee estates on a guided walking tour, following the journey of the coffee bean from bush to cup. **Coffee activities may vary by season.*

As the sun sets over Mount Meru, gather for the first dinner at the hotel before the safari begins tomorrow.

Arusha Coffee Estate Farm Tour

DAY 2

Arusha ✈ Ndutu (Southern Serengeti)

Breakfast

Lunch

Dinner

Depart to **Ndutu, Southern Serengeti** by flight. **Flight schedules and aircraft types are subject to operational and weather conditions.*

Serengeti National Park stretches across 14,750km² of open savannah and is Tanzania's most iconic wilderness, where the Big Five share the plains with cheetahs, hyenas, giraffes and thousands of zebras. **Southern Serengeti** is one of the most wildlife-rich regions in the park, where vast open grasslands stretch to the horizon and wildlife roams in extraordinary concentrations.

Afternoon Game Drive (Included) - Board your **4x4 Safari Land Cruiser with pop-up roof** for your first game drive of the trip, and explore the short-grass plains of Southern Serengeti during calving season, when wildebeest herds gather to give birth and predators follow close behind, offering some of the most raw and unscripted wildlife encounters in Africa.

Return to camp for dinner and an overnight stay.

Africa Touches Back
Serval Wildlife

DAY 3 Ndotu (Southern Serengeti)

- 🍴 Breakfast
- 🍱 Packed Lunch
- 🍽️ Dinner

Into the Wild (Full Day Game Drive Included)

A second day on the plains is a different experience entirely. With no fixed agenda, follow the wildlife wherever it leads, staying with a sighting, reading the landscape, letting the Serengeti reveal itself at its own pace.

At midday, pause at a designated picnic site for a packed lunch in the bush before heading back out as the predators stir again in the late afternoon hours. As the sun finally dips below the horizon, return to camp for dinner and an overnight stay.

DAY 4 Ndotu (Southern Serengeti) - Seronera (Central Serengeti) 120KM

- 🍴 Breakfast
- 🍱 Packed Lunch
- 🍽️ Dinner

Safari on the Move (Full Day Game Drive Included)

Today the safari moves north. The drive from Southern Serengeti to Seronera is not a transfer. It is a game drive in motion, as the short-grass plains gradually give way to open woodland and the ancient granite kopjes that define Central Serengeti.

Break for a packed lunch at a convenient stop along the way before continuing north as Seronera draws closer. Arrive in the afternoon, settle into the lodge, and gather for dinner as the sounds of the African night begin.

Leopard

Lion Pride

DAY 5 Seronera (Central Serengeti)

- 🍴 Breakfast
- 🍱 Packed Lunch
- 🍽️ Dinner

Where Southern Serengeti captivates with open plains, **Central Serengeti** draws you deeper into a landscape of ancient granite kopjes and winding riverways, home to some of Africa's largest lion prides and most elusive leopards.

Deeper Into Serengeti (Full Day Game Drive Included)

Away from the calving plains, a different kind of safari begins. The Seronera River winds through acacia woodland and fig trees, creating some of the finest leopard habitat in Africa, while lion prides claim the sun-warmed kopjes as their territory. Head out for a morning game drive, break for a packed lunch at a convenient stop, then back out as the afternoon light softens over the plains.

DAY 6 Seronera (Central Serengeti)

- 🍴 Breakfast
- 🍱 Packed Lunch
- 🍽️ Dinner

What The Bush Reveals (Full Day Game Drive Included)

A second day in Central Serengeti is rarely the same as the first. Today is about slowing down and staying with what the bush chooses to show. The Seronera Valley is home to some of Africa's most studied lion prides, and a second day on the ground increases the chance of finding a pride on the move, a male resting on the kopjes, or a leopard settled in the fig trees along the river.

Olduvai Gorge Museum

DAY 7 Seronera (Central Serengeti) - Ngorongoro 124KM

- 🍴 Breakfast
- 🍱 Lunch
- 🍽️ Dinner

Olduvai Gorge Museum (Entrance Included) - One of the world's most significant archaeological sites, where some of the world's most important early human fossils have been unearthed. Step outside to explore the footprints trail before continuing to Ngorongoro.

Ngorongoro Crater Rim - Arrive at Ngorongoro for lunch at the lodge. The afternoon is yours to spend at your own pace as you take in the surroundings before tomorrow's crater descent.

DAY 8 Ngorongoro - Arusha

180KM

🍴 Breakfast 🍱 Packed Lunch 🍷 Dinner

📍 **Ngorongoro Crater [UNESCO]** concentrates an extraordinary density of wildlife within an ancient volcanic caldera, unlike the vast open plains of the Serengeti. Formed over 2 million years ago, this 260km² natural wonder is home to lion, elephant, hippo, flamingo and one of Africa's last stable black rhino populations.

The Crater Awaits (Morning Game Drive Included)

Descend into the crater after breakfast for a morning game drive before heading directly to Arusha. Packed lunch is served at a convenient stop along the way, as the safari trail leads you back to the city for a final dinner and overnight stay.

DAY 9 Arusha - Siha - Kilimanjaro ✈️

98KM

🍴 Breakfast

📍 **Serval Wildlife (Entrance Included)** - The wildlife of Tanzania has been wild, untamed, and always at a distance. This morning is different. Nestled at the foot of Mount Kilimanjaro, Serval Wildlife offers a chance to meet the animals up close and feel the texture of Africa in an entirely new way. The perfect final chapter to a safari unlike any other.

Thereafter, transfer to the airport for your flight home.

DAY 10 Kuala Lumpur

The adventure comes to an end. Till next time!

About the Calving Season

Between January and March, the southern Serengeti transforms into one of the most remarkable wildlife nurseries on earth. During this period, hundreds of thousands of wildebeest gather on the nutrient-rich plains to give birth, with nearly half a million calves born within a few short weeks.

The abundance of newborns attracts predators such as lions, cheetahs, hyenas, and leopards, creating extraordinary wildlife viewing opportunities and dramatic predator-prey encounters. Witnessing a calf take its first steps on the vast Serengeti plains is an unforgettable experience and a powerful reminder of nature's cycle of life.

Weather: Warm afternoons around 26°C, with cool mornings around 15°C.
Please note: Wildlife movements and calving activities are natural events and cannot be guaranteed.

THE BIG 5

Please note that safaris are unpredictable, and there is no guarantee that you will see every animal on your list.
